WHAT IS A SOCIAL WORKER?

Social workers are professionals who care about people, want to assist in improving their well-being, and want their work to make a difference through services provided to individuals, families, groups, communities, and society. Social work is an academic discipline that promotes social change, and empowerment for their clients in a practice-based field. Few occupations can match the diverse range of opportunities available to social work professionals.

BACHELOR OF SOCIAL WORK AT UCF

UCF offers a Bachelor of Social Work (BSW). Students enrolled in the BSW program have the option to earn certificates and minors to enhance their learning. This well-planned program will expose students to the latest social work theory with practical application in a variety of social service agencies.

Field Education

Field education is a central component of the BSW curriculum. The internship provides the opportunity for students to apply and integrate classroom learning with actual practice. Students are placed at community partner organizations through our Field Education Department in their final semester(s) as a BSW student.

Optional Certificates and Minors

- Aging Studies Certificate or Minor
- Children's Services Certificate
- Nonprofit Management Minor
- Spanish for Social Work Certificate Program

BSW STUDENT ASSOCIATION

This student led organization enriches BSW students' education by promoting interaction with fellow students, UCF faculty, and the community. Students have the opportunity to conduct food drives, coordinate the Gift Giving Tree with community social service agencies, fundraise and plan other community service activities.

PROFESSIONAL ASSOCIATIONS

Students are encouraged to join the National Association of Social Workers (NASW) which works "to enhance the professional growth and development of its members, to create and maintain professional standards for social workers, and to advance sound social policies." National - www.naswdc.org
