

Wellness Research Center

We would like to take this opportunity to welcome you to the Wellness Research Center (WRC). As a faculty or staff member at UCF, the WRC is available at no cost to help you maintain and improve your physical wellbeing while employed at UCF. The WRC offers both resistance and aerobic exercise equipment to help you address your fitness needs.

For your convenience, locker rooms and showers are provided near the lobby of the building. Please ask a staff member for the code to the door.

Our staff are here to assist you in any way possible on your journey to achieving your fitness goals.

New members are required to complete a physical activity readiness questionnaire (PAR-Q+) and sign an assumption of risk form before using the facility. New members may also need to provide physician clearance before using the facility. All forms are available for download on our website. <https://healthprofessions.ucf.edu/wrc/>. You will also need to provide a copy of your UCF ID.

Facility Rules

1. All members are encouraged to bring a towel with them when working out.
2. Lockers are for daily use only. Please bring your own lock and remove items when leaving the locker room.
3. Hand sanitizing stations have been provided in the WRC. Please sanitize your hands prior to entering the WRC and periodically during your workout.
4. During high volume periods, please limit exercise sessions on cardio equipment to 30 minutes or less.
5. Please be courteous and allow other members to “work in” when lifting weights.
6. Our fitness staff members are trained and available to assist you with your workout. If you have any questions about proper use of any machine or need assistance with a particular exercise, please ask the fitness attendant on duty.
7. Posters pertaining to various components of physical fitness, exercise programming and nutrition have been placed around the WRC facility. The posters have QR codes that you can scan with a mobile device for additional information and demonstrations on exercise technique. Please feel free to use these resources while in the WRC.
8. To provide the safest workout environment for our members, our staff is trained to “spot” those who are lifting weights above the head, face, or on the back for lunges and squats. Feel free to ask for a spot when needed.
9. To maintain the lifespan of our fitness equipment, please do not drop or set weights on the equipment upholstery or walls. We ask members to please replace weights to proper racks when finished (plates and dumbbells).
10. The WRC contracts biannual service visits to maintain our equipment. However, on occasion equipment may need repairing. If you see broken equipment, please inform a staff member.
11. Gym wipes have been provided in the WRC. When you are finished using a piece of equipment, please wipe down handles, seats, and benches.
12. Members are asked to wear closed-toe, non-marking athletic shoes. For individual safety and comfort along with facility maintenance, dress shoes, cleats, sandals, bare feet, and stocking feet are not permitted.

13. Cubby holes are provided in the WRC to store personal belongings. If members bring personal items to the WRC, the WRC staff and college are not responsible for lost, stolen, or damaged items.
14. Fans and shades are in place to help maintain the appropriate level of comfort in the WRC. Please do not attempt to reposition or operate the fans or blinds by yourself. Ask a fitness attendant for assistance.
15. An orderly and respectful environment is important to quality exercise. Profanity, fighting, unsportsmanlike behavior and other disruptive behavior does not allow for a comfortable experience and will not be tolerated.
16. Faculty and Staff are not permitted to use the WRC outside of operating hours.

The Physical Activity Readiness Questionnaire for Everyone

The health benefits of regular physical activity are clear; more people should engage in physical activity every day of the week. Participating in physical activity is very safe for MOST people. This questionnaire will tell you whether it is necessary for you to seek further advice from your doctor OR a qualified exercise professional before becoming more physically active.

GENERAL HEALTH QUESTIONS

Please read the 7 questions below carefully and answer each one honestly: check YES or NO.	YES	NO
1) Has your doctor ever said that you have a heart condition <input type="checkbox"/> OR high blood pressure <input type="checkbox"/> ?	<input type="checkbox"/>	<input type="checkbox"/>
2) Do you feel pain in your chest at rest, during your daily activities of living, OR when you do physical activity?	<input type="checkbox"/>	<input type="checkbox"/>
3) Do you lose balance because of dizziness OR have you lost consciousness in the last 12 months? Please answer NO if your dizziness was associated with over-breathing (including during vigorous exercise).	<input type="checkbox"/>	<input type="checkbox"/>
4) Have you ever been diagnosed with another chronic medical condition (other than heart disease or high blood pressure)? PLEASE LIST CONDITION(S) HERE: _____	<input type="checkbox"/>	<input type="checkbox"/>
5) Are you currently taking prescribed medications for a chronic medical condition? PLEASE LIST CONDITION(S) AND MEDICATIONS HERE: _____	<input type="checkbox"/>	<input type="checkbox"/>
6) Do you currently have (or have had within the past 12 months) a bone, joint, or soft tissue (muscle, ligament, or tendon) problem that could be made worse by becoming more physically active? Please answer NO if you had a problem in the past, but it does not limit your current ability to be physically active. PLEASE LIST CONDITION(S) HERE: _____	<input type="checkbox"/>	<input type="checkbox"/>
7) Has your doctor ever said that you should only do medically supervised physical activity?	<input type="checkbox"/>	<input type="checkbox"/>

If you answered NO to all of the questions above, you are cleared for physical activity.

Please sign the PARTICIPANT DECLARATION. You do not need to complete Pages 2 and 3.

- Start becoming much more physically active – start slowly and build up gradually.
- Follow Global Physical Activity Guidelines for your age (<https://www.who.int/publications/i/item/9789240015128>).
- You may take part in a health and fitness appraisal.
- If you are over the age of 45 yr and NOT accustomed to regular vigorous to maximal effort exercise, consult a qualified exercise professional before engaging in this intensity of exercise.
- If you have any further questions, contact a qualified exercise professional.

PARTICIPANT DECLARATION

If you are less than the legal age required for consent or require the assent of a care provider, your parent, guardian or care provider must also sign this form.

I, the undersigned, have read, understood to my full satisfaction and completed this questionnaire. I acknowledge that this physical activity clearance is valid for a maximum of 12 months from the date it is completed and becomes invalid if my condition changes. I also acknowledge that the community/fitness center may retain a copy of this form for its records. In these instances, it will maintain the confidentiality of the same, complying with applicable law.

2021 PAR-Q+

 **If you answered NO to all of the FOLLOW-UP questions (pgs. 2-3) about your medical condition, you are ready to become more physically active - sign the PARTICIPANT DECLARATION below:**

-  It is advised that you consult a qualified exercise professional to help you develop a safe and effective physical activity plan to meet your health needs.
-  You are encouraged to start slowly and build up gradually - 20 to 60 minutes of low to moderate intensity exercise, 3-5 days per week including aerobic and muscle strengthening exercises.
-  As you progress, you should aim to accumulate 150 minutes or more of moderate intensity physical activity per week.
-  If you are over the age of 45 yr and **NOT** accustomed to regular vigorous to maximal effort exercise, consult a qualified exercise professional before engaging in this intensity of exercise.

 **If you answered YES to one or more of the follow-up questions about your medical condition:**

You should seek further information before becoming more physically active or engaging in a fitness appraisal. You should complete the specially designed online screening and exercise recommendations program - the **ePARmed-X+** at **www.eparmedx.com** and/or visit a qualified exercise professional to work through the ePARmed-X+ and for further information.

 **Delay becoming more active if:**

-  You have a temporary illness such as a cold or fever; it is best to wait until you feel better.
-  You are pregnant - talk to your health care practitioner, your physician, a qualified exercise professional, and/or complete the ePARmed-X+ at **www.eparmedx.com** before becoming more physically active.
-  Your health changes - talk to your doctor or qualified exercise professional before continuing with any physical activity program.

- You are encouraged to photocopy the PAR-Q+. You must use the entire questionnaire and NO changes are permitted.
- The authors, the PAR-Q+ Collaboration, partner organizations, and their agents assume no liability for persons who undertake physical activity and/or make use of the PAR-Q+ or ePARmed-X+. If in doubt after completing the questionnaire, consult your doctor prior to physical activity.

PARTICIPANT DECLARATION

- All persons who have completed the PAR-Q+ please read and sign the declaration below.
- If you are less than the legal age required for consent or require the assent of a care provider, your parent, guardian or care provider must also sign this form.

I, the undersigned, have read, understood to my full satisfaction and completed this questionnaire. ePARmed-X+ Physician Clearance Follow-Up

Use this form only if the PAR-Q+ indicated that you should receive clearance before becoming more physically active.

This form is separated into three main sections:

- A) Background information regarding the PAR-Q+ and ePARmed-X+ clearance process,
- B) A brief history and demographic information regarding the participant, and
- C) The physician's recommendations regarding the participant becoming more physically active.

At the end of this process, the participant is recommended to take this signed clearance form to a qualified exercise professional or other healthcare professional (as recommended in the ePARmed-X+) before becoming more physically active or engaging in a fitness appraisal.

A BACKGROUND INFORMATION REGARDING THE PAR-Q+ AND ePARmed-X+ CLEARANCE PROCESS

The ePARmed-X+ is an easy to follow interactive program (www.eparmedx.com) that can be used to determine an individual's readiness for increased physical activity participation or a fitness appraisal. The ePARmed-X+ supplements the paper and online versions of the new Physical Activity Readiness Questionnaire for Everyone (PAR-Q+).

Individuals who use the ePARmed-X+ have had a positive response to the PAR-Q+, or have been directed to the online program by a qualified exercise professional or another healthcare professional, owing to his/her current medical condition. At the end of the ePARmed-X+, it is possible that the participant is advised to consult a physician to discuss the various options regarding becoming more physically active. In this instance, the participant will be required to receive medical clearance for physical activity from a physician. Until this medical clearance is received, the participant is restricted to low intensity physical activity participation.

This document serves to assist both the participant and physician in the physical activity clearance process.
